WORK EXPERIENCE

MAGIC SOFTWARE PVT.LTD | DM TRAINEE (FRONT-END)

Dec 2023- July 2024 | Greater Noida

- Played an integral role in the Chrome editing team, focusing on enhancing the user interface of digital e-books.
- Utilized expertise in HTML, CSS, and JavaScript to implement innovative and efficient coding solutions, resulting in enhanced functionality and visual appeal of e-books.
- Collaborated cross-functionally with design and development teams to ensure the successful integration of UI enhancements.
- Played a pivotal role in optimizing the overall user journey and interface design, driving improvements in usability, accessibility, and user engagement for digital e-books.

PROJECTS

AMAZON CLONE | HTML | CSS | JavaScript

- In pursuit of highlighting my frontend web development skills, I embarked on a challenging project to build an Amazon clone.

Key Contributions:

- UI Design and Layout
- Styling with CSS
- Navigation and Menus
- Product Display

Room Booking Application Project | HTML | CSS | JavaScript |

Bootstrap | Node.js | Mongo DB

- Developed a web application for users to search and book rooms, apartments, and PG accommodations.

Key Contributions:

- User-Centric Design
- Accommodation Listing
- Search and Filtering

E-commerce Website Project | HTML | CSS | JavaScript | Bootstrap |

Django | SQLite

- Developed a full-stack e-commerce website for buying cakes online.
- Designed and implemented a visually appealing and responsive user interface using HTML, CSS, JavaScript, and Bootstrap.
- Built and managed the backend using Django and SQLite.
- Algorithm Implementation

CERTIFICATION

- Speak English Professionally : In person, Online & On the Phone by Coursera
- Foundation : Data, Data Everywhere by Coursera
- Ask Question to Make Data-Driven Decision by Coursera
- Prepare Data for Exploration by Coursera
